Spare foam for FGS-060 and FGS-120

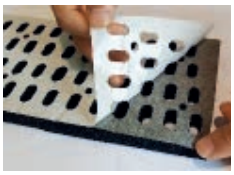

- 20 mm thick EPDM material
- Operating temperature: -40°C/+135°C
- Standard pitches: fine oval (A) for objects with a minimum width of 35 mm and medium round (B) for objects with a minimum width of 55 mm (only for FGS-120)
- Easy to install and remove. The foam does not leave residue on extruded objects.
